EXECUTIVE SUMMARY

I am a B.Sc. Computer Science graduate currently pursuing my MCA. I am looking for an opportunity to start my career in a good organization where I can use my knowledge and skills, learn new things, take on new responsibilities, and grow both personally and professionally while contributing to the organization.

SKILL

- Technical skill : HTML, CSS, SQL, PYTHON, C, PHP.
- Soft skill : Collaboration, Creative, Communication, Critical thinking
- Language : English (Fluent), Tamil (Mother Tongue)
- Software : Visual studio, phpmyadmin

PROJECT

Course Management System - Web Application

2 months

- Developed a web-based Course Management System that allows students to register, browse available courses, and manage their learning activities through a single platform.
- Implemented key modules including Registration/Login, Dashboard, Cart, Wishlist, Payment, Order List, and My Courses.
- Developed an Admin Panel to manage courses and maintain course-related information efficiently.
- Designed the system to simplify course management for students and administrators by reducing manual processes and keeping all information organized in one platform.

INTERNSHIP

IPCS GLOBAL TIRUNELVELI

1 month

- Gained practical exposure to web development and application building through hands-on learning and development activities.
- Developed small projects to strengthen my understanding of Python Full Stack concepts and practical development skills.
- Improved problem-solving and debugging skills by working on practical development tasks and projects.
- Learned to apply programming concepts to real-world applications and gained confidence in developing web-based solutions.

EDUCATION

Francis Xavier Engineering College

Master of Computer Application

Cumulative GPA: -

Vannarpettai, Tirunelveli

August 2026 - Present

St.Xavier's College

Bachelor of Computer Science

Cumulative GPA: 7.05/10

Palayamkottai, Tirunelveli

June 2023 - May 2026
